- The Junior deer license prints out one license document and different types of tags depending on what the customer has chosen during the sale:

Junior Gun Deer License:
The license document shows the customer paid for the hunting privilege. The junior hunter must carry this license document as proof of license.

Junior Gun Buck Harvest Authorization:
This harvest authorization is valid for one buck in any unit statewide. This harvest authorization IS weapon specific and must be used with the weapon listed.

Junior Statewide antlerless harvest authorization: This harvest authorization comes with a Junior Deer license. It is good for one antlerless deer valid any unit statewide; but is land type specific (Public/Private).

Note: Cannot be used for any group hunting.

Farmland (Zone 2) Antlerless harvest authorization: This comes with all deer licenses. It is valid for one antlerless deer in the county specified. The customer may receive anywhere from 0-3 of these, depending on the county they have chosen to hunt. It is not weapon specific, and can therefore be used with a gun, archer or crossbow license.
