

Annual Fishing License

A Fishing License is required for those customers age 16 or older. Customers aged 16-17 are issued the junior license at a reduced rate, and customers 65 and older are issued the Senior license at a reduced rate. The system will offer the correct license based on the customer's age. The license is valid from the date of purchase to the following March 31.

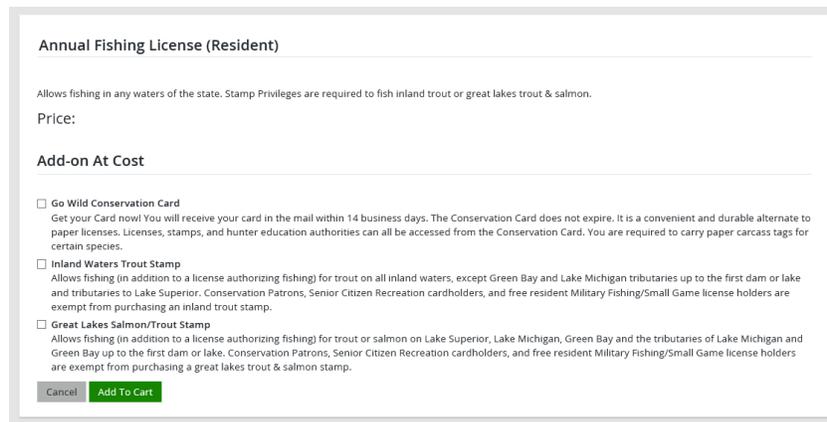

- Select the “Fish” tab on the Customer Dashboard.

- Select the [Annual Fishing License](#) from the license catalog under Products. The system will display the correct price based on their age.

- The next screen will offer the [Add-ons](#) for Great Lakes and Inland Stamps, as well as the opportunity to purchase a Go Wild card. Make any necessary selections and then select Add To Cart.

- Once in the shopping cart, confirm the fishing license, along with any add-on stamps. Select the Checkout button to finish the sale, or the Keep shopping button to select more licenses. The printout will show the license purchased, along with any add-ons the customer selected. Select Checkout to continue or Keep Shopping if the customer requests more licenses.
