**Group Application (optional).** To submit a group application, read the description and add their **group leader number** if applicable. You will see an indication that the **group leader lookup** was successful (see below) or receive an error message to try again.

### Group Application

*Each member of the group must submit an application. If group members have different preference status, the lowest preference will be used for the group. Group members must request identical zones and time periods in the same order. If different, the choices on the group leader's application will be used. For Spring Turkey groups - group members claiming landowner preference will lose that preference if the zone differs from that of the group leader's.*

*Select one member of the group as the 'Group Leader'. Enter the Group Leader's DNR Customer ID Number on each group member's application. The Group Leader must enter his/her own DNR Customer Number as well. Failure to enter a Group Leader's DNR Customer Number will disallow you from the group.*

**Printing** – The system will print a paper receipt showing the customer did submit their application. There is no license document since this is just an application. Ask the customer to review the choices printed on the receipt to make sure they are correct. It is a good idea that they hang on to this receipt as proof of application.
