

# Hunter Education vs. Mentored Licenses

Any customer born after Jan 1, 1973 must complete a hunter safety course in order to purchase a hunting license in Wisconsin. The system will ask for the customer's hunter safety certification number if one is not found on file. *Note: The below screen will only show up if the customer is born after January 1, 1973, and does not have a hunter safety certification on file*

If you encounter this screen, one of two items must be completed before the license can be sold:

- If the customer HAS completed a certified hunter safety course in any state, they must provide the **certification number** and the **state they completed** it in.
- If they have been in the military, they need to provide proof of Military service and you can enter the word "Basic" for the certification number and the State they took basic training in. *Please note: This information will allow the sale of this year's license only.*
- If the customer HAS NOT yet completed a certified hunter safety course in any state, the customer may still purchase a **Mentored Only** license. *Please note: The Mentored Only version of any license includes specific restrictions that the hunter must comply with while hunting. Have the customer read the restrictions on screen before purchasing.*

Once this information has been added, the license sale will resume as normal.

Mentored Only

*NOTE: MENTORED ONLY will print on your license and the following restrictions apply to you if you are purchasing a license without hunter education certification and were born on or after 01-01-1973.*

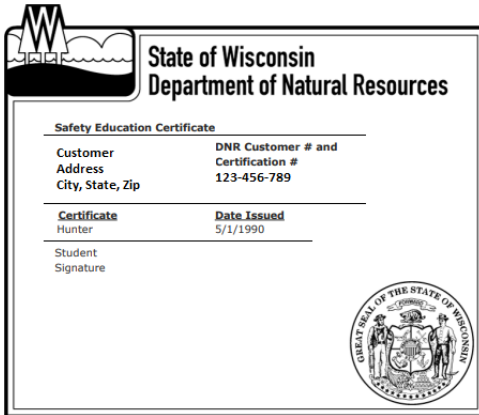

- 1. If you are a minor, your mentor must be your parent or guardian or another adult authorized by your parent or guardian. Parental permission to hunt is required.*
- 2. Mentor must be 18 or older, possess a valid license to hunt, meet applicable hunter education requirements and can only take one person hunting at a time who is required to hunt with a mentor.*
- 3. You must remain within arms reach of your qualified mentor.*

**Important:** Any person sold a mentor license would be subject to the Mentored Only restrictions, regardless of their age. If they pass hunter education AFTER they purchase a Mentored Only license, the license will still be valid. They can show the warden their hunter ed certification which will supersede having to obey the "Mentored Only" rules.

# Hunter Safety Verification

Anyone born on or after January 1, 1973, must complete a State Certified Hunter Safety Education course before they can purchase a hunting license, unless they request to hunt under the mentored hunting program. There are the four most common acceptable forms of verification. **Note: A Conceal and Carry Permit is not a valid form of hunter safety certification.**

1. The customer's original, state issued, Hunter Safety Education Certificate.
