

# New Buyer Archery/Crossbow Combo

If a customer asks for a crossbow license, but also qualifies for the New Buyer pricing on an archery license, the system offers a “combo” on both licenses for a reduced rate. The Archery license is sold at the \$5 New Buyer rate, and the Crossbow upgrade is offered along with it for \$3. It is less expensive than purchasing a \$24 crossbow license.

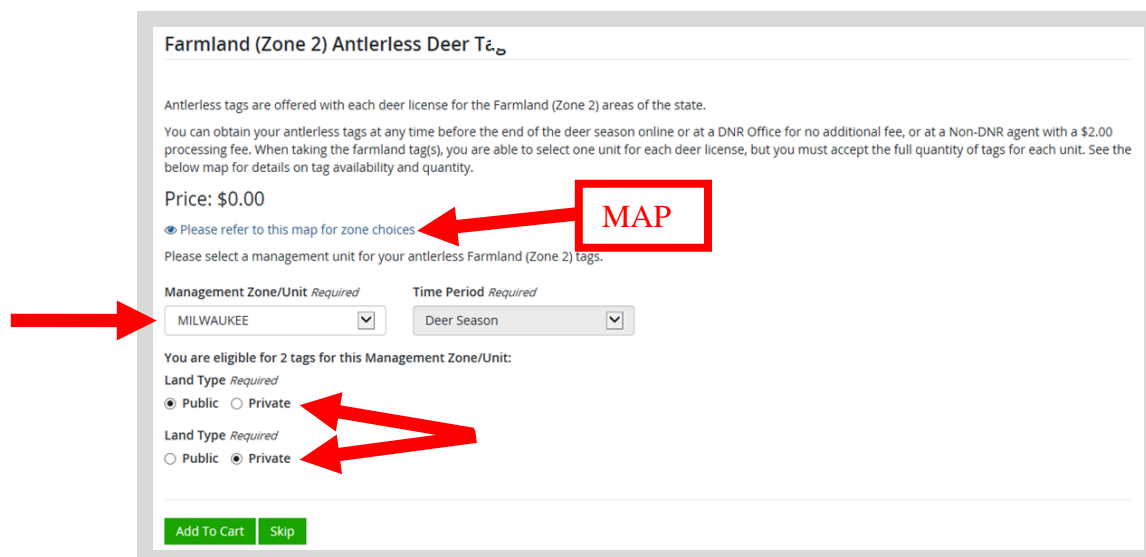

- **Customer Catalog.** Select the **Hunt/Trap** tab. Select the Crossbow W/New Buyer Archer License.

- **License add-ons.** Just like any other deer license, the customer will be offered the add-ons for the Farmland Antlerless (Zone 2) and Antlerless Bonus Harvest Authorizations. Make sure to select the appropriate ones and Add to cart. You will then be asked for the County and land type on the next screen.

- **Harvest Authorization choices.** Select the county (**deer management unit/zone**) and land type for the tag(s). Select the Management Zone/Unit (county) from the drop-down list. The customer must designate the land type for each tag requested (public or private land).

- **Shopping Cart.** Once in the shopping cart, you will see that the [\\$3 Crossbow Upgrade](#) has been added, making the total for both licenses \$8. The customer may only have asked for a crossbow license, but the system is selling them both for less because they qualified as a new buyer for archery.
