

Notice: Under 30.50, Wis. Stats., boats must be registered before operation in Wisconsin. Personally identifiable information provided may be used to determine identity of the applicant, eligibility for approvals, and participation in natural resource surveys.

To contact Boat Registration:

Telephone 608-266-2621
FAX 608-264-6130
E-mail csweb@wi.gov

- 1) It's time to renew your boat!
- 2) Renew your registration online at **GoWild.Wi.Gov** after March 29th OR visit any one of our 1000+ agents to renew and obtain your Temporary Operating Receipt. Decals and registration certifications will arrive by mail.
- 3) If you choose to renew by mail, complete and sign both the top and bottom portions of this renewal notice. Return the bottom portion with payment (additional instructions on back). Understand that it will take longer to process renewal notices received by mail so the top portion of this notice will serve as your proof of payment and should be on board while operating the boat until your decals and new registration card arrive. Once you receive your decals and registration card from the Department, install them immediately as this Renewal Invoice will no longer be valid as your proof of registration.
