

Closing / Selling Business / Ending License Sales

Please contact your Business Support Specialist a few weeks before selling, closing your business, or ending license sales to provide enough time for you to receive the Call Tag and checklist for returning your license system.

- A Call Tag will be emailed to you if you plan to use your own packaging.
- If you request DNR to send boxes with padding, the Call Tag will be inside the box.

You will be asked to provide:

- The date your account should be closed.
- The name and address where you would like us to mail your security deposit.

Your security deposit will be returned when your last ACH balance is \$0 and all of the license equipment has been received by the contractor. Please package carefully! The contractor will inspect it to make sure it is in working order and that all parts have been returned.

NOTE: Purchasing a business that currently sells licenses does not guarantee that license sales will be approved for that location. The buyer must submit a new application and their own security deposit to be considered. Please allow 30 days prior to business transfer.
