

Upriver Sturgeon Spearing Application

The Upriver Sturgeon Application deadline is 11:59pm on August 1. Customers are applying for a permit to spear sturgeon on the Upriver lakes and NOT Lake Winnebago. An application for an Upriver Sturgeon Spearing Harvest Permit prevents you from obtaining a Lake Winnebago Sturgeon Spearing license until after the drawing has been completed. If the customer is unsuccessful, the Winnebago spearing license will be available in the license list again.

Group Application

Each member of the group must submit an application. If group members have different preference status, the lowest preference will be used for the group. Group members must request identical zones and time periods in the same order. If different, the choices on the group leader's application will be used. For Spring Turkey groups - group members claiming landowner preference will lose that preference if the zone differs from that of the group leader's.

Select one member of the group as the 'Group Leader'. Enter the Group Leader's DNR Customer ID Number on each group member's application. The Group Leader must enter his/her own DNR Customer Number as well. Failure to enter a Group Leader's DNR Customer Number will disallow you from the group.

- **Printing** – The system will print a paper receipt showing the customer submitted their application. Ask the customer to review the receipt to make sure they are correct. It is a good idea that they hang on to this receipt as proof of application. They will receive their harvest tag in the mail if they were successful in the drawing.
