

Well Construction Notification

The Well Construction Notification is a permit for a customer that allows them to construct a well. Here is a short tutorial on how to do them:

- 1) Select the Quick Sale button on the Sales Home Page.

- 2) Select Well Construction Notification from the Products Menu, and add to the shopping cart.

- 3) The customer must provide the following information on the well location, owner and the driller. If they cannot provide this information, you cannot sell them the permit at this time. Once finished, select Save, and proceed to checkout. You will print out the Well Construction Notification for the customer and collect the fee.

The screenshot shows the 'Well Construction Notification' form. It contains the following fields:

- Property Owner Name *Required*: John Smith
- Street Name and Address *Required*: 123 Fake St
- City, Village or Township *Required*: Green Bay
- County *Required*: BROWN
- Nearest Intersecting Road or Highway *Required*: Elm and Maple St
- Well Type *Required*: New
- Well Driller Name: John
- Pump Installer Name: A-Z Well Drilling

At the bottom of the form are 'Cancel' and 'Save' buttons.
